

U.S. ENVIRONMENTAL PROTECTION AGENCY  
 Office of Pesticide Programs  
 Antimicrobials Division (7510P)  
 1200 Pennsylvania Ave., N.W.  
 Washington, D.C. 20460

EPA Reg. Number:

44891-22

Date of Issuance:

3/4/2020

NOTICE OF PESTICIDE:

Registration  
 Reregistration  
 (under FIFRA, as amended)

Term of Issuance:

Conditional

Name of Pesticide Product:

Smart Solution Antifouling Spray

Name and Address of Registrant (include ZIP Code):

Kevin Kutcel  
 New Nautical Coatings  
 14805 49<sup>th</sup> Street  
 Clearwater, FL 33762

**Note:** Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Antimicrobials Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A). You must comply with the following conditions:

1. Submit and/or cite all data required for registration/reregistration/registration review of your product under FIFRA when the Agency requires all registrants of similar products to submit such data.

Signature of Approving Official:

*E. Miederhoff*  
 Eric Miederhoff  
 Product Manager 31  
 Regulatory Management Branch I  
 Antimicrobials Division (7510P)  
 Office of Pesticide Programs

Date:

3/4/2020

2. You are required to comply with the data requirements described in the DCI Order identified below:
  - a. Tralopyril GDCI-119093-1735

You must comply with all of the data requirements within the established deadlines. If you have questions about the Generic DCI listed above, you may contact the Reevaluation Team Leader (Team 36): <http://www2.epa.gov/pesticide-contacts/contacts-office-pesticide-programs-antimicrobial-division>

3. The data requirements for storage stability and corrosion characteristics (Guidelines 830.6317 and 830.6320) are not satisfied. A one year study is required to satisfy these data requirements. You have 18 months from the date of registration to provide these data.
4. Make the following label changes before you release the product for shipment:
  - Revise the EPA Registration Number to read, “EPA Reg. No. 44891-22.”
5. Submit one copy of the final printed label for the record before you release the product for shipment.

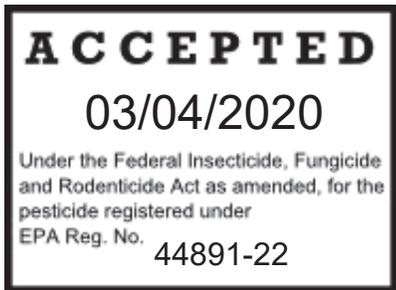

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

If you fail to satisfy these data requirements, EPA will consider appropriate regulatory action including, among other things, cancellation under FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records. Please also note that the record for this product currently contains the following CSFs:

- Basic CSF dated 05/24/2019

If you have any questions, please contact Emilia Oiguenblik by phone at 703 347 0199, or via email at [Oiguenblik.emilia@epa.gov](mailto:Oiguenblik.emilia@epa.gov) or Eric Miederhoff by phone at 703 347 8028, or via email at [Miederhoff.eric@epa.gov](mailto:Miederhoff.eric@epa.gov)

[ABOVE BAR CODE WILL APPEAR ON EACH CAN AND THE NUMBERS WILL CORRESPOND WITH THE BAR CODE ISSUED FOR THAT PRODUCT.]

**Manufactured by:**  
**NEW NAUTICAL COATINGS, INC.**  
14805 49<sup>TH</sup> Street North, Clearwater, FL 33762

**Net Contents 16 Oz. (454 g)**

[Above will be used with contents and manufacturer]

(Batch Code) [to appear on front or back panel of the label or immediate container depending on the container type/size]

#### **DIRECTIONS FOR USE**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

**GENERAL DESCRIPTION:** This aerosol is an antifouling spray paint ideal for outboards, outdrives and propellers. It is a metal-free coating that is compatible with aluminum, outboards, outdrives and hulls.

#### **APPLICATION DETAILS**

Apply this spray paint after applying Barnacle Blocker as a primer.

1. Shake can vigorously for 2 minutes.
2. Hold can 12-16 inches away from unit.
3. Apply contents of one can for each outdrive/outboard for best antifouling protection. It will be dry to the touch in 30 minutes.
4. Be sure the paint is completely dry before immersion. Allow a minimum of 12 hours at 75°F/24°C prior to launch.
5. When finished spraying, clear spray valve by turning can upside down and spraying until no more paint comes out.

**SURFACE PREPARATION:** Paint only clean, dry surfaces. Remove all grease, oil, wax, or other foreign material by solvent or detergent washing (SSPC-SPI).

**Consult your Sea Hawk Representative for the system best suited for surfaces to be protected.**

#### **REGULATORY DATA**

**VOC/MIR: 0.91**

**Limitations:** Apply in good weather when air and surface temperature are above 50° F (10°C). Surface temperatures must be at least 5° F (1° C) above dew point. For optimum application properties, bring material to 70-80°F (21-27°C) temperature range prior to mixing and application. Unmixed material (in closed containers) should be maintained in protected storage between 40-100°F (4-38°C). Prolonged atmospheric exposure of the product may detract from performance. Technical and application data herein is for the purpose of establishing a general guideline for the coating application procedures. See published data sheets for more specific application data. As application, environment and design factors can vary significantly, due care should be exercised in the selection, verification of performance and use of coating.

**Safety:** Read and observe all precautionary statements on this Label.

#### **Storage and Disposal**

Do not contaminate food, feed or water by storage or disposal.

**Storage:** Do not store near open heat or flame. Store in a closed, properly labeled container in a cool, dry place. Keep container tightly closed and upright to prevent leakage. In case of spillage, absorb and dispose of in accordance with local and state authorities.

**Pesticide Disposal:** Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste Representative at the nearest EPA Regional Office for guidance.

**Container Handling:** Do Not Puncture or Incinerate! If empty: Place in trash or offer for recycling, if available. If partly filled: Call your local solid waste agency for disposal instructions.

**PRECAUTIONARY STATEMENTS**  
**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

DANGER. Corrosive: Causes skin burns, irreversible eye damage. Causes skin irritation. May be fatal if swallowed. May be fatal if inhaled. Do not get in eyes or on clothing. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Avoid contact with skin, eyes or clothing. Avoid breathing vapor or spray. A minimum of a half face NIOSH approved respirator (TC-84A) with organic vapor cartridges with any R or P combination filter. Higher level respirators that are NIOSH Approved for organic vapors and particulates that contain oil can also be used. When handling, wear goggles or face shield, chemically resistant gloves, long sleeved shirt and pants, socks, chemical resistant footwear, and chemically resistant gloves (such as Barrier Laminate, Butyl Rubber, and Nitrile Rubber). When mixing, loading, or cleaning equipment, wear chemical-resistant apron. For overhead exposure wear chemical-resistant headgear. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco. Remove and wash contaminated clothing before reuse.

**ENVIRONMENTAL HAZARDS**

This material is toxic to fish and aquatic invertebrates. Do not apply directly to water by cleaning of equipment or disposal of wastes. Do not allow chips and dust generated during paint removal to enter water. Dispose of paint debris in an approved landfill. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans and other waters unless in accordance with the requirements of a National Pollution Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product into sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

**PHYSICAL AND CHEMICAL HAZARDS**

Combustible. Do not use or store near open flame.

<b>First Aid</b>	
If on skin:	Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.
If in eyes:	Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call poison control center or doctor for treatment advice.
If inhaled:	Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for treatment advice.
If swallowed:	Call a poison control center or doctor immediately for treatment advice. Have a person sip a glass of water if able to swallow. Do not induce vomiting unless told to by a poison control center or doctor. Do not give anything to an unconscious person.
Have the product container or label with you when calling a poison control center or doctor or going for treatment.	
For Hazardous Materials [or Dangerous Goods] Incident Spill, Leak, Fire, Exposure, or Accident Call CHEMTREC Day or Night. Within USA and Canada 1-800-424-9300. Outside USA and Canada +1-703-741-5970 CHEMTREC. Account #15570. For Non Emergencies call New Nautical Coatings Inc., Within the USA and Canada 1-800-528-0997, Outside USA and Canada +1-727-523-8053.	
<b>NOTE TO PHYSICIAN:</b> Probable mucosal damage may contraindicate the use of gavage lavage.
